

The Knock Out Race

Game pieces to print and use with the Knock Out Race from Tools for Educators.com and MES-English.com

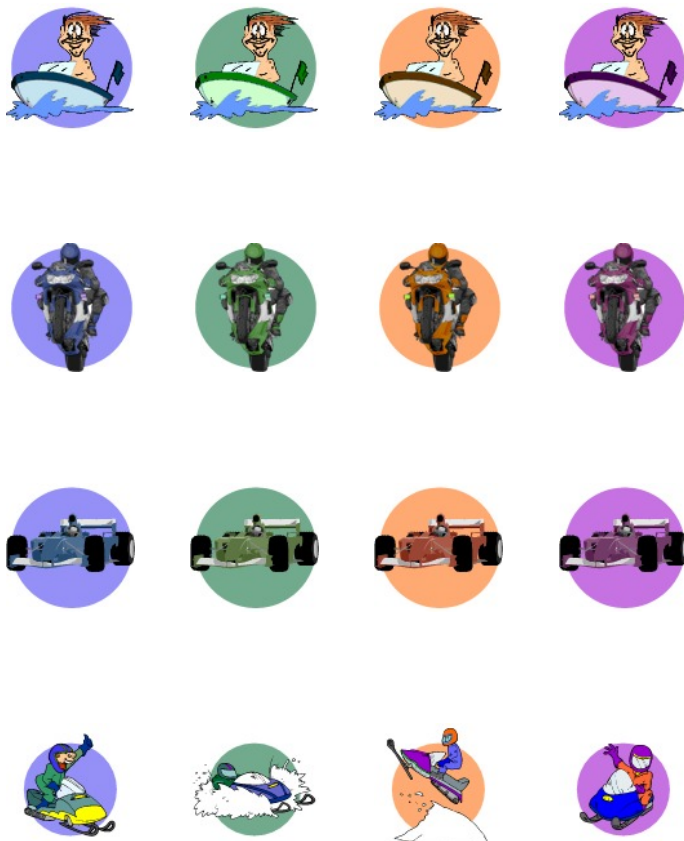

- www.toolsforeducators.com/boardgames/loop.php

Give these lap markers to students. As they start each lap, they place a marker on the start position. This way other players will know what lap they are on.

It's best to print these out, cut them out as circles with a little white still showing. Then laminate the markers for future use.

Game Pieces

These can be used as game pieces during the game. You can use anything for game pieces but these add to the game and make it more exciting for the players, especially if they can choose their marker.

It's best to print these out, cut them out as circles with a little white still showing. Then laminate the markers for future use.
