

Hansel and Gretel
Highway C10
Swiss Alps

Owners
Cristina Santos

All my restaurant's beautiful. It's medium. It has got ten tables, five little and five big. It has got a big hot fireplace. In the scenery there is a waterfall, mountains, animals and many trees. It's on Highway C10. The waiters are real country elves. There are seven.

The food is very nice. It has got magical food from the lovely forest. The food is superior to the food in the other restaurants. You are invited to my beautiful restaurant.
