In the perfect park, there is a doughnut stand. There is a viewing platform where you can look at the beautiful view.

There is a cave with scary creatures inside, like bats, spiders and bears. It's fun!!

There is a soccer target area, where you kick the ball and if you kick the numbers in correct order, you can win a lot of money.

There are some booths. One is selling fairy floss, another one sells tickets for riding go-karts, and you can catch goldfish at the other.

There is a Qantas plane flying overhead.

There is Totoro standing under an umbrella at the entrance!
